

Prospective Student Class Schedule Winter 2018

NORTHWESTERN UNIVERSITY

Effective Monday January 22, 2018 through March 9, 2018

This is a shortened list of courses offered at Northwestern during Winter Quarter 2018. Permission to visit these classes has been given by the department chairs or school deans for **prospective students only**. The list below includes 100-, 200-, and 300-level classes. 100-level courses are introductory, while 300-level courses are more advanced and specific. (While only the classes below have been approved for visitors, Northwestern's complete course offerings, as well as possible updates to locations can be found online at http://www.registrar.northwestern.edu/courses/index.html#undergraduate_catalog). There are some departments that don't offer specific classes due to small class size, laboratory safety, attendance procedures, etc. Contact information is given for the departments that have provided it.

IMPORTANT:

- 1. PLEASE CONTACT PROFESSORS PRIOR TO VISITING AND INTRODUCE YOURSELF TO THE PROFESSOR AT LEAST 5 MINUTES BEFORE THE CLASS IS SCHEDULED TO BEGIN**
- 2. PLEASE STAY FOR THE ENTIRE CLASS PERIOD**
- 3. PLEASE AVOID USE OF CELLPHONES/OTHER ELECTRONIC DEVICES WHILE VISITING**

It is a good idea to have several class sections in mind because, in some instances, students may be taking exams or classes may not be meeting on a given day.

Please note: All class information is subject to change. For updated listings, check with the individual department prior to attending classes. Classes are also subject to cancellation, could be closed due to examination, or could have another reason to turn visitors away.
