- Campus access road
- Service road (authorized vehicles only)
- Bicycle/pedestrian path
- CTA el station
- ▲ Metra railroad station
- Emergency "Blue Light" telephones
- City Emergency "Blue Light" telephones (maintained by the city of Evanston)
- 1 Numbers correspond to location descriptions on back

# Campus Highlights

## 1. Lakefront, beaches, and Sailing Center

Northwestern students enjoy swimming and recreation on our two campus beaches. Students also have access to a sailing center for sailboat and windsurfing rentals. A lakeside path between our beaches is popular for walkers, runners, and bicyclists.

## 2. Arts Circle

A hub of fine arts exploration, Arts Circle encompasses Pick-Staiger Concert Hall (major musical performances), Regenstein Hall of Music (smaller performance venues and 95 music practice rooms), and The Patrick G. and Shirley W. Ryan Center for Musical Arts (400-seat recital hall, 55 practice rooms, and Smart Classroom technology). The Mary and Leigh Block Museum of Art showcases visual media.

## 3. Wirtz Center for the Performing Arts and John J. Louis Hall

Recently renovated, Wirtz Center houses stages for student productions along with rehearsal rooms, areas with high ceilings and structural reinforcement to support dance activities or aerial work, and scene and costume shops. The adjacent John J. Louis Hall holds a film sound stage, a large TV studio, editing rooms, and an auditorium.

## 4. Norris University Center

Our student union is the center of student activity on campus. Whether you're looking to pick out some campus gear at the bookstore, grab a bite at the food court, set up a meeting for a student organization, or pick up tickets for the latest show at the campus box office, Norris has it all and more.

## 5. Annenberg Hall

In 1993, Annenberg Hall was built to house the **School of Education and Social Policy**. Here you'll find advising offices, classrooms, and research labs.

## 6. Ryan Hall and Silverman Hall

Ryan Hall and the nearby Silverman Hall for Molecular Therapeutics and Diagnostics are home to impressive research facilities in nanotechnology, computational bioinformatics, and precision proteomics.

## 7. Kellogg Global Hub

A state-of-the-art facility, the Global Hub is the Kellogg School of Management's new flagship building. Students across the University come to take classes for Kellogg's undergraduate certificates, meet with professors in the Economics department, or find a study nook.

## 8. Varsity athletic venues

Many of our Big Ten varsity teams practice and compete 3/4 of a mile west of campus. Our Lakeside Fields for soccer, lacrosse, and field hockey are located at the north end of the lakefront.

## 9. Henry Crown Sports Pavilion, Norris Aquatics Center, and Combe Tennis Center

These sports facilities feature an Olympic-size swimming pool, a diving pool, a running track, exercise equipment, and courts for racquetball, basketball, and squash. Combe Tennis Center has six indoor courts and hosts matches for our Division I teams.

## 10. The Garage

Located in the North Parking Garage and aptly named "The Garage," this innovation hub is where entrepreneurship and collaboration thrive. The Garage brings together a cross-disciplinary community of students, faculty, staff, and alumni to pursue new ideas in the classroom and beyond.

## 11. Patten Gymnasium

In addition to three hardwood multipurpose courts for basketball and volleyball, an Olympic free weight room, and a leg weight room, Patten Gymnasium houses the Gleacher Golf Center, widely regarded as the finest indoor learning center in the collegiate golf world.

## 12. Technological Institute and Ford Motor Company Engineering Design Center

At more than 750,000 square feet, the Technological Institute has been home to the **McCormick School of Engineering** since 1942. The LEED-certified Ford Center houses the Segal Design Institute, the Farley Center for Entrepreneurship and Innovation, and the Murphy Cooperative Engineering Program.

## 13. Shakespeare Garden and Dearborn Observatory

Hidden from view, students experience moments of quiet reflection in our beautifully landscaped Shakespeare Garden. Dearborn Observatory is a go-to for astronomy classes and stargazers.

## 14. Student support and advising

Countless resources are available to help Northwestern undergraduates succeed in their studies and with future plans. Student Affairs oversees student life, multicultural resources, and health services (visit Sheridan Rd. for a few student support offices). The University Academic Advising Center (1940 Sheridan Rd.) assists students who are navigating the pre-health track. Northwestern Career Advancement (620 Lincoln St.) focuses on post-graduate life via advising and on-campus recruiting.

## 15. Deering Library

Loosely modeled on King's College Chapel at Cambridge University, Deering Library served as the University's main library until 1970. It now contains the art and music libraries as well as University Archives. Be sure to check out the Reading Room, a favorite student study spot.

## Good news:

You can keep exploring Northwestern from home by taking our Virtual Tour, [youvisit.com/tour/northwestern](http://youvisit.com/tour/northwestern).

## 16. University (Main) Library

The Main Library houses the majority of Northwestern's library collection of 6.7 million volumes and 201 terabytes of unique digital content. With around 800,000 visitors annually, University Library is one of the busiest places on campus.

## 17. Annie May Swift Hall

Built in 1895 and recently renovated, Annie May Swift Hall houses **School of Communication** offices, a theater/lecture hall, seminar classrooms, and a flexible teaching area for performance studies.

## 18. University Hall, Harris Hall, and Kresge Centennial Hall

University Hall, Harris Hall, and the recently renovated Kresge Centennial Hall house several departments in the **Weinberg College of Arts and Sciences** as well as classrooms and lecture halls. University Hall, built in 1869, is the oldest building on campus.

## 19. The Rock

The class of 1902 donated the Rock to Northwestern as a decorative fountain. Today it is a campus tradition for students to guard the Rock for 24 hours and then paint it to publicize events or causes.

## 20. Alice S. Millar Chapel

Northwestern is an officially secular institution, but students can choose to be active in a range of faith communities. There are over 45 religious groups and 11 dedicated clergy on campus, and Millar Chapel itself hosts Protestant services and provides meeting space for an array of groups.

## 21. Fisk Hall and McCormick Foundation Center

**The Medill School of Journalism, Media, and Integrated Marketing Communication's** media facilities are based in Fisk Hall and the McCormick Foundation Center. These include a broadcast studio with a state-of-the-art control room and engineering area, a four-person anchor desk, room for 16 reporters/producers, and editing rooms.

## 22. Residential spaces

Clustered in "neighborhoods" around campus, student residences create a shared undergraduate experience, foster diverse and inclusive communities, and enrich academic life. All first- and second-year students live on campus.
